151M01NB AREA 51

SELLING POINTS : Hand-forged steel has 70% or greater recycled content. Low-VOC finish. Recycled glass drops.

CLASSIFICATION : The famous desert US military test site has given birth to rumors of captive aliens, alien spacecraft and various other UFO phenomenon. Now we add our two cents to the legends. Our Area 51 features recycled steel and recycled glass in a fixture where the inner structure becomes the exoskeleton and the concept of crystals is turned inside out - literally.
